Subject: Group Project Status Update

Dear Team Leader,

I am writing to provide an update on the progress of our group project. So far, we have completed the initial research and divided the remaining tasks among the team members. We have also started working on the main content of the project.

One of the challenges we have faced is coordinating everyone's schedules and combining the work completed by different members. However, we are working together to resolve these issues and keep the project on track.

We expect to complete the remaining work and finalize the project by the end of this week. I will keep you updated if there are any significant changes.

Best regards,
